# COUNTERTOP MEASURING GUIDE

## Tools Needed:

- Tape measure
- Pen
- Paper

## How to Measure:

1. Draw a diagram of your countertop space on the paper.
2. Include the spaces for your sink, cooktop, bar sink, etc.
3. Indicate where there are walls in the space (if possible).
4. Measure the countertop length from wall to wall (in inches).
5. Write down the length in the appropriate space on your drawing.
6. Measure the depth of the countertops from the wall.
7. Repeat this process for every section of your countertop.
8. Make sure to measure bar tops, islands, peninsulas, etc.
9. Measure the size of the cabinet your sink currently sits in.
